**Role: Certified Plumbing Journeyperson**

Haakon Mechanical Services is a leading, modern, and integrity-based company. We are an HVAC/R, hydronic and plumbing company providing care in the GVA and the Sea to Sky Corridor. Our focus is providing exemplary customer care, staying 1 Step Ahead, and fostering an environment that encourages growth and security. We primarily service commercial buildings and in-suite dwellings for large residential buildings where we are contracted to maintain the base building equipment.

We are looking to hire a fully certified plumbing journeyman to join our plumbing division who is hard working and can work in a fast-paced environment. The role is multi-faceted, and the individual hired will be solution oriented and adept at time management. The technician we hire will be a team player who is committed to quality service and exceptional customer service. They will be able to work efficiently with little guidance or supervision.

Requirements:

- Red seal certification & B or A gas ticket
- High school diploma
- Valid class 5 driver's licence
- Clean driving record
- Good inter-personal skills
- Able to work 8+ hrs in a day if necessary
- Must be able to travel to the Sea to Sky Corridor when required

Once hired, you must:

- Join the UA516
- Obtain the following certifications:
  - o Fall arrest & elevated platform
  - o Confined space entry
  - o Updated WHMIS
  - o Updated TDG

Benefits:

- Great benefits package
- Provision of company cell phone & laptop for work purposes
- Company events
- Provision of work vehicle
- All tools & required equipment provided
