Role: Truck Driver

Haakon Mechanical Services is a leading, modern, and integrity-based company. We are an HVAC/R, hydronic and plumbing company providing care in the GVA and the Sea to Sky Corridor. Our focus is providing exemplary customer care, staying 1 Step Ahead, and fostering an environment that encourages growth and security.

We are currently looking to hire a mechanically inclined truck driver to join our team. The role is multi-faceted, and the individual hired will be solution oriented and adept at prioritization. The goal for our truck drivers is to transition them into an apprenticeship in either HVAC/R, hydronic or plumbing after a successful completion of 1 year in the role.

Requirements:

- High school diploma
- Valid class 5 driver's licence
- Clean driving record
- Mechanically inclined
- Good inter-personal skills
- Able to work well independently with minimal supervision
- Excellent time management
- Able to work 8+ hrs in a day if necessary

Responsibilities:

- Self-scheduling
- Plan routes using GPS system
- Filter organization & reconciliation
- Filter delivery to lock up locations
- Pick-up & delivery of materials/parts
- Keeping vehicle clean and tidy
- Keeping a detailed communication log of daily activities
- Clean-up & removal of garbage, scrap & recycling

Once hired, all truck drivers are will:

- Join the UA516
- Obtain forklift certification
- Obtain ODP/ODS training

Typical work week: 40hrs

Base Rate: \$15.84/hr

Vacation payout: \$2.22/hr
